## Course Duration

This course is of 8 hours duration (including 1 hour assessment) and consists of one Module.

## General pedagogical guidelines and procedures for this course:

The delivery of this Course will be mainly held through a series of classroom discussion. The trainer will also be holding lessons with the learners which will consist of various presentations, including demonstrations.

This course can also be delivered online. In such cases, the learner is required to have a working camera and a working microphone.

## General assessment policy and procedures for this course:

The learner will be assessed through a practical task where the learner will need to develop a child-led activity plan. The learner will also need to submit a reflection on how this activity would help children by highlighting the scope and objective/s of the activity and highlighting why child-led is important.

## Module 1 Learning Outcomes- The Child-Led Approach

✓ Define and explain the child-led approach and its principles.	✓ Facilitate environments and interactions that promote autonomy and exploration.
✓ Describe how different pedagogical models support child-led learning.	✓ Reflect critically on their practice and align it with Malta's quality standards and ECEC framework.
✓ Apply observational and planning strategies to guide learning based on children's interests.	✓ Collaborate with families and stakeholders to support child-centred practices.

## Module Assessment:

The learner will be assessed through a practical task where the learner will need to develop a child-led activity plan. The learner will also need to submit a reflection on how this activity would help children by highlighting the scope and objective/s of the activity and highlighting why child-led is important.

Each of the assessments will carry 50% of the global mark and the learners will need to obtain 45% from each of the assessments to pass.
