It is important to note that trainees who opt to work on Sundays and public holidays will still be paid at the standard hourly rate indicated in the table above, hence no special rates will apply in such instances.

Q. Is there any paperwork I need to fill in for trainee to get paid?

Yes, you are expected to maintain an accurate record of the trainee's attendance and total hours attended. There shall be no restrictions on the record-keeping system utilised, however Jobsplus reserves the right to request a copy of the Trainee's attendance at any point throughout the scheme.

A. Moreover, prior to starting the placement, Jobsplus will be sending you the link to the respective Jobsplus' claim for training allowance form that is fillable online. For any given week you need to tick the days the trainee attended and select the total hours and minutes performed to the nearest 15 minutes. It will be your responsibility to submit these claims in a timely manner. At two different time intervals you will also be asked to provide feedback on the trainees' progress.

A. The Work Exposure Scheme forms part of an EU funded project that will close in 2029. Until then, you may be allowed to take part in this scheme for an unlimited number of times. However, this is subject to Jobsplus' discretion. It is Jobsplus' prerogative to make sure that all its applicants are given a fair chance to take part in this scheme.

Q. Can I place a past employee under the scheme?

A. Trainees can only be placed with former employers if they were not made redundant, and the job title under the scheme is different from the past employment. In cases of similar/overlapping job titles, the occupation under the scheme needs to be of a different ISCO code than that of the past employment.
